

ChipMOS REPORTS JANUARY 2023 REVENUE

February 10, 2023

HSINCHU, Feb. 10, 2023 /PRNewswire/ -- ChipMOS TECHNOLOGIES INC. ("ChipMOS" or the "Company") (Taiwan Stock Exchange: [8150](#) and NASDAQ: IMOS), an industry leading provider of outsourced semiconductor assembly and test services ("OSAT"), today reported its unaudited consolidated revenue for the month of January 2023. All U.S. dollar figures cited in this press release are based on the exchange rate of NT\$30.03 to US\$1.00 as of January 31, 2023.

Revenue for the month of January 2023 was NT\$1,330.2 million or US\$44.3 million, representing a decrease of 14.4% from December 2022, and a decrease of 41.5% from January 2022.

The Company noted that its January revenue reflects continued macro weakness, inventory adjustments at customers in response to end market demand levels and a fewer number of work days in the month due to the Lunar New Year Holiday. The Company believes it is well positioned for when the situation improves given its higher exposure to non-consumer segments, its prior actions taken to improve operational efficiency and its strong balance sheet.
